

**Institute for
Cell Biology and Neuroscience**

Invitation

Colloquium

Summersemester 2023

Dr. Sarah Fritschi

**Senior Director of Research at Eli Lilly and
Company**

Host: Prof. Jasmin Hefendehl

Talk with Q & A session on **July 4th. 2023**, at **11:30 am**, Biologicum,
Lecture Hall 2, UG1, Room (-1.203), Max-von-Laue Str. 13

"What it takes to succeed in industry - ask an expert Q&A session"

Join us for an exceptional opportunity to meet and learn from our distinguished guest.
This event will provide you with an exclusive platform to:

1. Research in academia and industry: more similar than you might think.
2. Understand the skills and qualifications sought by industry leaders.
3. Learn about the various career paths and opportunities available in the field of research in industry.
4. Seek guidance on how to align your academic pursuits with industry requirements.

As a student of natural sciences, this event presents a great opportunity to expand your horizons beyond the classroom and gain a competitive edge in the world of research in industry. You will have the chance to interact directly with a senior director of research at Eli Lilly, allowing you to ask questions, seek advice, and learn from her experiences.

Snacks and drinks will be served after the Q&A session.
